**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I choose a competitive local internet provider for my broadband needs.

I am very happy with the service they provide. Unlike Comcast, AT&T, etc., I get to talk to real people when I call for support. I have experienced how technically-savvy their employees are. A far cry from "big telco".

The company offers premium services for my home that are, in many cases, only available to high-end business packages (e.g. static IP). This is crucial for my small business

I strongly encourage competition in the marketplace.
